The Pennsylvania State University, College of Agricultural Sciences
Bachelor of Science in Toxicology

University Park, PA
Date of Graduation: July 2019

PROFESSIONAL EXPERIENCE

Edwards Lifesciences Corp
Laboratory Technician Summer Intern

Añasco, Puerto Rico
July 2018- August 2019

- Gained exposure to the different test methods involved in the quality assurance of the production plants' medical device sterility (pyrogens lab, microbiology lab, chemistry lab)
- Prepared and analyzed biological indicators that were used in the ethylene oxide sterility chambers
- Conducted tests to ensure post-sterilized product was free of infectious agents and pyrogens

LEADERSHIP EXPERIENCE

Relay For Life at Penn State
Fundraising Committee Director

University Park, PA
April 2018 - May 2019

- Responsible for planning all fundraising events leading up to the 2019 Relay For Life, and structuring the 2018-2019 Fundraising Committee accordingly
- Recruited and interviewed potential Fundraising Committee members
- Organized weekly meetings with the Fundraising committee to monitor progress and attended regular meetings with the Executive Committee to stay in touch and coordinate events with other committees.

Relay For Life at Penn State
Fundraising Committee Member

October 2017- April 2018

- Organized fundraising events on campus and around State College by reaching out to local businesses and campus ambassadors
- Participation in weekly meetings and Relay For Life fundraising campaigns
- Achieved recognition for continued involvement in organization events

Phi Kappa Sigma International Fraternity
Director of Philanthropy and Community Service

University Park, PA
August 2016 – May 2019

- Organized fundraising activities for the Leukemia & Lymphoma Society
- Connected with other student-run organizations and coordinated cooperative philanthropy events
- Ensured that fraternity members met the necessary community service hour quota as per the fraternity by-laws

ADDITIONAL SKILLS

- Bilingual fluency in Spanish & English
- Advanced Proficiency in Microsoft Excel, PowerPoint, and Word
- CPR & First Aid certified
- Experienced in front & back-end web development
